JavaScript, Sketch, Adobe Illustrator

## PROGRAMMING

Java | JavaScript | Ruby  
HTML | CSS | PHP | MySQL  
Python | Scala | C | C#

## SOFTWARE

Illustrator  
Photoshop

## ACTIVITIES

Pitt Men's Ultimate Frisbee Club Team  
(2013 College National Champions)

## EXPERIENCE

**Cloud PCR | Junior Software Engineer**

January 2017 – March 2017 | Pittsburgh, PA

Built and improved existing Angular 2 and ASP.NET form components in multiple different stacks.

**Philips Respironics | Software Engineer Co-op**

January 2016 – August 2016 | Pittsburgh, PA

Using JavaScript, C#, and Bootstrap on ASP.NET, I helped release the Japanese version of the web and mobile app. Wrote an automation script using C# and SQL to scrape information from Microsoft TFS. Learned unit testing with Jasmine.js.

**Bank of New York Mellon | Software Engineer Intern**

May 2015 – August 2015 | Pittsburgh, PA

Front-end redesign of Internal Audit Division's Website to be responsive.

Created automated emails to appropriate users based upon form results and MySQL queries.

Implemented a Visual Basic automation script to populate a organized Microsoft Excel workbook using unformatted data.

**Pitt Ultimate Website | Web Developer**

May 2013 – August 2013

Worked on front-end design of website for the University of Pittsburgh's Men's Ultimate Frisbee team HTML, CSS, PHP and Javascript.
